Special Instructions:

- Those who fail to submit required catch reports for mid-season evaluation or at the end of the season will lose the right to buy fishing licenses next season.
- According to leasing contracts and Finnmark law, the national registry address determines the price category. This applies to members, resulting in different price

categories for members with and without volunteering, residents of Berlevåg, Finnmark, and outside Finnmark.

- Members with volunteering residing in Finnmark can book up to five consecutive fishing days, while members with volunteering residing outside Finnmark can book up to three consecutive days.
- Non-volunteers can book one fishing day, with new bookings allowed after the previous day has ended.
- The deadline for canceling booked daily passes is at least one day in advance.
